**Frontend** – HTML5 | CSS3 | JavaScript | React | Flutter | XML

**Backend** – Node.js | Express.js | PHP | REST APIs | FastAPI | Django | Angular

**Mobile** – Android (Kotlin, Java) | React Native | Android studio

**Databases** – MongoDB | MySQL | Firebase | SQLite | SQL | NOSQL | RDBMS

**Dev Tools** – Git | GitHub | Android Studio | VS Code | Postman | Figma | AWS

**Other** – Python | Ai | Frontend | Docker | Backend | Chatbot | Flask | Kafka |  
Deployment | Springboot | Cloud | Microservices | XML | jQuery | Spring

## LANGUAGES

Hindi – Native • English – Proficient

## CERTIFICATIONS

IBM Certificate in  
Application Development  
2022

Google Developer Training  
Program – Web & Android  
2021

Full Stack Development –  
Rajiv Gandhi Computer  
Science Program  
2020

## PROJECT HIGHLIGHTS

### E-Learning Mobile App

(Flutter + Firebase)

Built scalable course delivery system with video integration and student analytics  
Deployed to 2,000+ users with 99.9% uptime

### Hotel Booking Web App

(React + Node.js + MongoDB)

Developed advanced filter search, secure booking, and admin dashboard  
Reduced load time by 5% and increased booking rate by 30%

### E-commerce app

(Kotlin + SQLite)

Created offline-first Android app for inventory tracking with sync-on-connect feature  
Used by multiple retail clients, eliminating 90% of manual tracking errors

**Social Media App**

*Flutter, Firebase, Node.js*

Designed and developed a full-featured social media application supporting user profiles, posts, comments, likes, and real-time notifications.

Integrated chat system with push notifications using Firebase Cloud Messaging.

Implemented scalable backend APIs for secure data exchange and user authentication.

Focused on responsive UI/UX with modern design for Android/iOS.

**Multi-Level Marketing (MLM) App**

*React Native, MySQL, Laravel*

Built a robust MLM app with multi-tier referral tracking and automatic commission distribution.

Created real-time dashboards for users to track their team hierarchy and earnings.

Integrated secure payment gateways for instant withdrawals and KYC verification.

Developed an admin panel for managing user approvals, earnings, and reports.

Successfully deployed and maintained app for 1000+ active users.
